ROAD IN TEXAS

Deleware and Hudson Earnings for 1905 Show Increase of Over Million.

C. & O.'S NEW PENSION PLAN-

Railway Notes of Interest From All Over the Coun-

The pamplilet report of the Delaware and Hudson for the fiscal year ending December Jist, while recording no substantial improvement, makes a satisfactory showing. Railroad gross earnings increased \$1.810.000, of which amount \$322,000 were saved for net. The income account of all departments shows a gain in not receipts applicable to dividends of \$451,298. The percentage shown on the stock was about double the dividends and even after \$1,025,000 had been charged of the was \$1.90 per cent. In pursuance with the Delaware and Hudson policy of conservatism, \$1,621,000 of the surplus remaining after payment of dividends was appropriated for betterment.

dends was appropriated for betterments.

The Atchison Railway System is arranging to construct 60) miles of new road in Texas this year, according to charters alied Wednesday with the Secretary of State. The proposed construction contemplates a road from a point on the Pecos and Northern Railroad, in Palmer county, through Westorn Texas and southward to Brownwood, 350 miles; also through Randail county and ling also through Randail county and included the connection from Texas into Louisiana, 28 miles, to connect the system there with the Jasper and Eastern Railway.

The Baltimore and Ohio Railroad officials are working on the details of a new pension system — employes that, it is said, will be radical in its operation and will affect the retirement at once of many veteran employes. Blanks are now being distributed to the employes of the Pittshurg division which call for a complete life history of the employe. The present pension system of the road allows a voluntary retirement of the employe at the age of 65 years. Under the compulsory clause of the new system, it is said the age limit is to be reduced and that the pension becomes due only when a certain number of years of service have been rendered continuously.

MEET IN 'FRISCO.

Anxious for Twenty-Round Bout Before Athletic Club in Los Angeles.

NELSON WON'T FIGHT GANS

Britt and Hanlon Likely to Meet in San Francisco-Boxing in Maryland.

BAKERSFIELD CAL., March 18.—Au-relio Herrera expects to see the signature of Battling Nelson signed to articles be-fore long calling for a twenty-round con-test before Thomas McCarey's Pacific Athletic Club in Los Angeles for a purse

Athletic Club in Los Angeles for a purse of \$15,000.

Herrera, in anticipation of a match with Nelson for the championship, is doing light work in this city. He has been helping carpenters add five rooms to a lodging house that he owns between Bakersfield and Kern City, and he has secured some good exercise while assisting in carrying lumber, bricks and mortar.

"I am thoroughly acquainted with Nelson," said Herrera. "He followed my camp through the East several years ago, and he was in my employ."

Herrera claims he did not train for his last fight with the "Battler," which occurred on the night of September 5, 1904, as he believed it was not necessary. In the seventh round of the fight Herrera landed on the Dane's jaw and he took the count of nine before getting up. The Butte fight went the limit of twenty rounds, and Nelson was given the decision on a narrow margin.

Friday morning Herrera wired McCarey at Los Angeles, asking for the latest about Nelson, and the promoter telegraphed that if he did not land Nelson for certain in a day or two he would match the Mexican with somebody else. The local boy has any number of good prospects in the East.

snare of the receipts was Mi, 11, replied Nolan.

"How about a match between Tommy. Murphy and Nelson?"

"If Murphy beats Attell, then we will consider him; but until then Murphy has no chance of getting on a bout with Netson," said Nolan.

Nelson will show at the local therites.

NEW YORK, March 18.—The next light in San Francisco will undoubtedly be between Jimmy Britt and Eddle Hanlon. Before Tenny's death Britt agreed with Coffroth that he would meet Hanlon in March, and all details were settled. The unfortunate conclusion of the February fight has put the March match in the air; but if there is a fight this month Britt and Hanlon will be the cards.

Young Corbett Again.

can do what Nelson failed to do-knock the Brooklyn boy out within six rounds.

CHESS BY CABLE. Six Experts Chosen to Represent American Universities.

American Universities.

NEW YORK, March 18.—With the exception of one player, who is at present doubtful, the team of six which will represent Brown, Cornell, and Pennsylvania in the international cable chess match with Oxford and Cambridge next Saturday, under the auspices of the Triangular College Chess League, is complete. Those selected are as follows: Pennsylvania.—W. B. Hughes, E. H. Miller and M. B. Kirkpatrick; Brown.—H. N. Sweet and P. V. Van Arsdale; Cornell.—J. R. Mitchell.

Van Arsdale is the player not certain

Darling, of Cornell, or L. S. Johnston, of Pennsylvania. Both of these have played in the annual triangular tournaments. In England Oxford has announced that she will play T. H. Bumpus, E. Palce and N. J. Roughton, while Cambridge will select her trie from the following: G. Leatham, T. Lodge, J. A. Horrocks, W.-II. Grinhaigh, K. D. Singh, W. W. Lane and A. C. Bottomley.

The American team will play at the residence of Professor Isaac L. Rice, president of the Triangular League and donor of the trophy, and the Englishmen from the Inns of Court Hotel, London, the two points being connected by cable from 8 o'clock in the morning, when the match begins, until 7 o'clock (New York time) in the overlang.

TRACK VERY POOR

Contests in Madison Square Garden Somewhat of Failure.

Gen Somewhat of Faiture.

(Special to The Times-Displatch.)

NEW YORK, March 18.—Wretched track conditions militated against a findisplay by Olympic team athletes at the Pasting Athletic Club games held in the Madison Square Garden last night. Ordinarily, track events in the garden are

tice. Peace related in the family until a friend breezed into the station last night with a fetching actress on each arm. "Terry" joined the party and became so absorbed in expressing his admiration for a pretty blonde show girl that he failed to note the storm arising on the other side of the shed, where his better half was warming up for a battle.

Bearing down on the unfortunate "Terry" under full sail, Mrs. McGovern gave vent to a combination of expressions which jarred greatly on the nerves of the innocent actresses that they soon sought shelter in remote and darksome corners, while Mrs. "Terry" "ganked the "once great" about the shed, much to the delight of prospective fellow passengers and the painful remorse of the actoring ther.

Assisted by nunceous searches.

ler and M. B. Kirkpatrick; Brown-H. N.
Sweet and P. V. Van Arsdale; CornellJ. R. Mitchell.

Van Arsdale is the player not certain about playing, although he has not definitely stated he will not participate.

Should he withdraw from the team the vacancy will be filled either, by J. F.

Two-Year-Olds.

BASE BALL

Friends of "Ned" randon, former manager of the Brooklyns, will be sorry in hear that he has been quite ill since he has been in Texas with the Cincinnatis, whom he will manage this season. At one time he suifered so from malarla that the physicians advised him to get away from the State and find a training stround elsowhere. Bad luck has pursued the Cincinnati team during its spring training for more than four years, if not he one shape in another.

Alperman, the third basemen, who is in Columbia, S. C., with the Brooklyns and whose identity has been a matter of some conjecture for the last three months, comes from one of the minor leagues in the West. He is rather tall, posses a good pair of shoulders and is not a bad fielder. One of the Brooklyn players, writing to a friend in this city, says he acts like a good ball player in the little which has been seen of him.

"Pait" Livingston, the catcher, who has been signed by Cincinnati this year to try for a position on the team, at one time was recommended to the Giants and McGraw invited him to come to New York and show what he could do, but he considered the Giants too fast for him.

In addition to the four veteran pitchers with the Chicago National Longue team, four young players have been signed by the club and one of those Phester, a left-hander, is said by John Shively, president of the Western Association, to be the coming left hand pitcher or the United States.

Criger, a Boston American League catcher, has suffered another relapse at Hot Springs, and whe physicians have advised that he be removed at once to a drier and higher climate. He is troubled with an affection of the spine and his suffering is most acute when attacked by the disease. The Boston faminger has signed Oruham, a catcher from on the Pacific coast last year.

Eastern League.

Eastern League.

(Special to The Times-D spatch).

TORONTO, DNTARIO, March 18.—At a meeting of the Eastern League their their yesterday President Harry L. Taylar presented the playing schedule for the season of 1006, which was adopted. The season opens April 28th and ends september 22nd, Jersey City opens the season at home with Montreal on April 28th.

Newark opens with Toronto on April 28th.

Vanderbilt Orders 200 Horse-Power Racer: Will Be Fastest Ever Built. Donor of Trophy Will Compete Again, and Will Have

Machine Geared to Two Miles

(Special to The Times-Dispatch.)

NEW YORK, March 18.—From abroad comes the interesting news that William K, Valderbilt, Jr., who at present is in Europe, is to re-enter automobile speed competition lists with one of the fastest gasoline machines ever constructed. Since the Florida speed tournament of 1905 Mr. Vanderbilt his not appeared in competition, and though he has continued to own sveral high power machines, including a "inferty" Mercedes, he has used them exclusively in running over the roads of Long Island.

Mr. Vanderbilt, in the hope of possessing the fastest automobile in the world, has constructed a lerved a racing machine, with a six cylinder chairs, developing from one hundred and fifty to two-lindred horse-nower. The machine is to be seared to two miles a minute, and Mr. Vanderbilt has stipulated
